

**Verse 1:**

You formed me from the dust **D**  
 In that moment I knew love **Bm**  
 I lost my way and tried to hide **F#m Em**  
 But You came and sought me out **D**

**Verse 2: D Bm F#m Em D**

I turned my gaze to You  
 Made Your heart my great pursuit  
 All else I lay to waste  
 Living free, I'm chasing You

**Chorus:**

Search me God **A**  
 Unveil my heart **G**  
 Lead me to You **D/F# A**  
 Holy King **A**  
 Burn in me **G**  
 'Til I am Yours **D**

**Verse 3: D Bm F#m Em D**

Your Love my guarantee  
 Through my trials and victories  
 For you have held me in the night  
 And when I wake You're by my side

**Bridge 1:**

**G**  
 How beautiful to know  
 That You are here and You were always there **Bm A**  
**G**  
 That the hands that bled to save me  
 Are the hands that made me **Bm**  
**A**  
 And still sustain me

**Bridge 2:**

**Bm**  
 You were there  
 Before my first breath **A**  
 And You'll be there till the end **G**  
 Always near  
 You'll remain **D/F# A**  
 Forever Abba Father **Bm**  
 Where can I go  
 I won't hide **A**  
 Yeah I'm always in Your sight **G**  
 In the dark  
 Or day's first light **D/F# A**
