Tempo: 110bpm

D G A D/F# A G

Verse 1:

I've heard of all You've done
Yeah everywhere You go
I see heaven come
Your kingdom stands alone
Your glory all around
Echoes of Your Holy name ring out

Chorus: D G A D/F# A G

But deep within my soul
I know there must be more
I'm pushing past the stories
And all I've known before
I see You through the crowds
I'm reaching out for You
Your heart has drawn me home

Tag 1: G A Bm

I'm chasing after You

Verse 2: D G A D/F# A G

God I know Your heart
To heal me 'til I'm whole
Just one touch from You
Will let Your power flow
You're all I ever need
Grace has brought You
Just within my reach

Chorus 2: D G A D/F# A G

Now deep within my soul
I know there's so much more
You've bridged the great divide
And I'm tearing down these walls
You see Me through the crowds
You looking out for me
Your heart has drawn me home

Tag 1: G A Bm

I'm chasing after You

Tag:

God you came here to risk it all
So now on my knees I fall
You came to me in full surrender
Giving up heaven's throne
For just one touch I'll risk it all
So here on my knees I fall
I come to you in full surrender
Holding on to all you are

G A Bm D/F#
